

# Your Old Barn Study

with Ontario Barn Preservation

OBP is dedicated to saving Ontario barns; their architecture, cultural history, and contribution to our rural landscapes.

## 115 Barns Recorded

This report includes survey results received up to May 10, 2024.

## Barns Across Ontario

Most concentrated areas of submission are located in: Wellington, Perth, Prince Edward, Norfolk, Leeds and Grenville United Counties.

6%

59%

24%

of barns submitted were built between 1800-1849

of barns submitted were built between 1850-1900

of barns submitted were built between 1900-1949

## Barn Condition

Barns varied in their physical condition though 30-40% of barns had roofs, walls, floors, foundation and structural members in good or excellent condition.

40%

## On the Map

A brief look at where recorded barns are located across Ontario
